DEMOCRATIC LEADER ASSAILS WILSON RULE

M'COMBS LAUGHS AT PRESIDENT AS "PARTY LEADER"

Man Who Managed Wilson Campaign Brands Him an Autocrat

DELEGATES LAY PLANS

With San Francisco Convention Only Week Off, Many Informal Conferences Are Held

Chicago, June 21.—William F. McCombs, chairman of the Democratic national committee from 1912 to 1916, and manager of President Wilson's 1912 campaign, issued a statement here tonight before leaving for San Francisco, attacking what he characterized as the President's autocratic assumption of authority.

President Wilson, he said, has no more right to call himself leader of the Democratic party, "a conception heretofore never entertained by any American," than has Chief Justice White, former Speaker Champ Clark, or Vice President Thomas R. Marshall.

Mr. McCombs announced that arrangements had been made to obtain for him a seat in the New York delegation if he decides to take the floor at San Francisco. The New York delegation, he predicted, will throw its support to Governor James M. Cox of Ohio, after casting a complimentary vote for Governor Smith. He added that he believed a Westerner, possibly from the Pacific coast, will be nominated for Vice President.

His statement in part follows:

Mr. McCombs' Statement.

"They tell me that America has pledged its word to Europe and that the world must be redeemed in the process of a national campaign. In my belief, America has pledged itself to nothing. One individual, speaking as such, permitted Europe to believe that he spoke for a nation, for in the last analysis he was nothing more than a self-appointed emissary. Nevertheless, America is asked to validate his signature affixed abroad, a signature which apparently was accepted in good faith by all the European peoples as absolute.

"The president negotiates a treaty but the senate may or may not concur by a two-thirds majority. In this particular instance, there has been no concurrence.

"Other nations may want a league of nations and it may be that we do. But we do not want to commit ourselves to the league of nations as it was brought back from Paris. It is an international issue but it is a highly debatable question as to what importance it should have in a national campaign. Ultimately, it is a question for the President and the senate to settle.

"The statement then declares for reconstruction at home, rehabilitation of railway and international waterway transportation, and for solution of the high cost of living, 'wholly apart from any international affiliations.' The statement continues:

How Autocracy Came About.

"When the great war broke out in 1914, naturally America was more or less lapsed, and was willing to accept any kind of leadership which might draw it through a possible difficulty. In this moment, the chief executive again repeated that he was the leader of his party, a conception heretofore never entertained by an American. As well might the chief justice of the United States, Mr. White, a Democrat, have made the same proclamation. So might the speaker of the house of representatives, Champ Clark. So might the vice president, Mr. Marshall, constitutional president of the senate. But America was concerned with great issues, and paid no attention to what appeared to be a detail.

"It was in such manner that for the first time in the history of this country autocracy came into being. It was an autocracy which was questioned, but which was accepted by virtue of necessity. But this unhappy hour has passed, and at San Francisco we again return to true Democratic democracy, regardless of place holders and pot hunters. We have finished with the autocracy. This country is deter-

mined to act in accordance with its unflinching sense of justice. The indignities of autocracy will never again be accepted by this nation. This is fundamental and no conclusion will be brought about by diplomatic or financial machinations."

Stir of Activity Begins Preparatory to Convention

San Francisco, June 21.—A night session may follow the first meeting of the Democratic national convention, which opens here next Monday, Homer S. Cummings, chairman of the Democratic national committee, announced today.

Before that time, the national committee, which meets June 25, will have disposed of the prospective contest over the seating of United States Senator James A. Reed, of the fifth (Kansas City) district of Missouri, and the contest over the seating of the 25 delegates from Georgia. The committee will act upon these in connection with its work of making a temporary roll and contests may be carried to the floor of the convention.

Among delegates here, United States Senator Thomas J. Walsh of Montana was being mentioned for permanent chairman of the convention, a position in connection with which the name of Bainbridge Colby, secretary of state, has been frequently heard.

Much Controversy Over Reed.

"No documents have been filed in behalf of Senator Reed," said Mr. Cummings, "but a large number of telegrams of protest received from Missouri assure a contest in case credentials are filed for him."

Party leaders assume that Senator Reed's case will rest upon the contention that the Missouri state convention's action in reelecting the selection of Reed as a delegate back to the fifth district convention makes the reselection of Reed by the district convention mandatory.

The senator's opponents will hold it is said, that the state convention's rejection of Reed by a decisive vote should govern and that the alternate named by the district and ratified by the state body should be seated.

There was a possibility of abandoning the requirement for a two-thirds majority in the convention to nominate a candidate and of the unit rule, by which a state's ballots are voted en bloc. Mr. Cummings said the two-thirds majority was an "ancient party custom" that could be overturned only by specific affirmative votes. The unit rule depends upon the instructions given each state delegation.

The national committee's meeting will be open "to begin with at least," Mr. Cummings said, although the body may vote to go into executive session at any time.

Credentials and a demand for recognition of two delegates to the convention were received from the Canal Zone. This, it is said, will present a new problem, in that the status of the zone differs from that of the states and of such territories as Hawaii, Porto Rico, and others which are given representation in the convention.

Stir of Activity.

With the opening of the convention a week away, a stir of activity was noticeable among hotel headquarters today in addition to the preliminary work at the auditorium, where the delegates will gather.

It took the form of informal discussions between national committee members and state leaders already on the ground, devoted chiefly to anticipated struggles with platform building. There was virtually no talk as to presidential candidates.

A plan emanating from through this undercurrent of platform talk that proposals to modify the federal prohibition enforcement act were expected by some of the Democratic wits to share honors with, if not eclipse, the League of Nations issue. Nobody had any direct statements to make nor would anybody talk for publication. Some of the men who will have a hand in shaping the party's declaration of principles, however, talked much privately of a popular demand that the doctrine of state rights should apply to beer restrictions.

Taken in connection with the announced purpose of W. J. Bryan to resist any weakening of prohibition enforcement measures, the talk brought to the surface the feeling of prominent Democrats already here that a fierce battle on the point in the resolution committee was not to be avoided. They believe also that ultimately the question would be fought out on the convention floor.

Discussions of the league plank apparently awaited the arrival of Senator Glass of Virginia, slated to head the resolution committee, and coming direct from a conference with President Wilson. The contest over the league issue already has been sharply defined in the confining views of the President and Mr. Bryan, and talk about the hotel lobbies today and in the streets great immediate interest in the questions involved.

RADICAL PROPAGANDA CONFLICTING CAUSED CHICAGO WAR

Riot Was Not Result of Racial Feeling, Negro Organizations Assert

Chicago, June 21.—With R. D. Jones, said by the police to be the white leader of an organization advocating the return of negroes to Alabama, Edward Redding, and several negroes, under arrest in connection with a riot last night in the Chicago black belt that resulted in the killing of two white men and the wounding of several negroes, police and federal officers began an investigation today of the Star Order of Ethiopia, whose members were reported to have participated in the affair.

The police were still searching for Joseph Vernon, who is said to call himself the "great Abyssinian," and his son. According to reports, they garbed in fantastic raiment, also were leaders of the parade.

While the police were questioning the alleged leaders of the Abyssinian cult, Edward J. Brennan, chief investigator for the department of justice, started an inquiry on behalf of the government. He said a searching investigation would be made to determine just how far the Abyssinian movement has spread and what individuals are behind it.

Resolutions denouncing Jones as a white leader responsible for creating unrest among the negro population were passed today by several negro organizations. They said that the riot was not caused by racial feeling, but was the result of radical propaganda and that reputable negroes had no part in the movement.

Jones was said to have been the chief speaker Sunday at a meeting to urge Mayor William Hale Thompson to become a candidate for president on a third party ticket backed by the "solid Irish and negro vote."

New York, June 21.—R. D. Jones, sought by the Chicago police in connection with riots there yesterday, in which two persons were killed following the burning of an American flag, is known here as "Rev. Dr. R. D. Jones, secretary of the League of Darker People." He appeared in the interests of the Black Star line owners of the steamer Yarmouth, whose \$5,000,000 cargo of liquor was seized by federal agents here after the vessel had returned to port following departure for Cuba a few hours before the prohibition law went into effect.

Jones, who claimed to have come from Norfolk, Va., charged that the negro owners of the Yarmouth had been the victims of a plot to steal the liquor, which had culminated in its seizure.

The vessel was finally permitted to leave for Havana on February 12 last. Leo H. Healy, counsel for the Black Star company, said today that Jones had no connection with the concern. He declared that the company was financed by negroes and that alleged statements of Jones to the effect that friends of Irish freedom had aided the line were "absolutely untrue."

"The statement that our steamer would ultimately carry arms to Africa is ridiculous," he added.

The Black Star line, now incorporated under the laws of Canada, has offices here.

McAdoo Issues Statement.

New York, June 21.—William G. McAdoo, in a statement here tonight, declared his recent announcement that he would not permit his name to be presented to the San Francisco convention as a candidate for the Democratic presidential nomination, had no relation to a political interview with President Wilson published the day before. He declared he knew nothing of the interview until he saw it in print and that the President knew nothing of his withdrawal until after notice of it had appeared in the newspapers.

McAdoo's statement follows:

"In order to set at rest absurd rumors and speculations which have been published, to the effect that my letter of withdrawal had some relation to the President's World interview, or carried a concealed purpose, I wish to say, first, that I knew nothing whatever of the President's interview until I saw it in the papers, and second, that the President knew nothing whatever of my letter of withdrawal until he saw it in public print."

Wilson's Nomination "Impossible."

Kansas City, June 21.—President Wilson's nomination for a third term was declared to be an impossibility, because of the condition of the President's health, in an interview given out by J. M. Shouse, third assistant secretary of the United States treasury.

"No real friend of the President regards his nomination as a possibility," said Mr. Shouse, who is on his way to the Democratic national convention in San Francisco. "If he had now the strength and vigor that he had in 1914, his nomination for a third term might be considered a probability. But his friends know he is not in good health."

There was not the slightest collusion between the statement of President Wilson Friday morning and the withdrawal of McAdoo Friday afternoon.

ANOTHER MAN IS SHOT DEAD IN LONDONDERRY

Pockets Rifled and Bicycle Stolen While He Lay Dead—Military in Charge of Street

Belfast, June 21.—Another man was shot dead in Londonderry this evening. Harry McKay was the victim. He was coming from the railway station when struck. His pockets were rifled and his bicycle was stolen as he lay dead.

He has the son of Marshall McKay, governor of "The Apprentice Boys," a Protestant organization with ramifications in Canada and Australia and formed in memory of the siege of Londonderry.

Londonderry, June 21.—A message from Londonderry to press association, dated 6:45 p. m., reports the city quiet at that time. The military is in charge of the streets.

In addition to the killing of a man named McKay, the message says scores of persons were wounded in today's firing.

Dispatches from Ireland are evincing underlying heavy delays. Telegrams to the news agencies filed at Londonderry occupied five hours in transmission.

TO NOTIFY HARDING AT HOME ON JULY 22

Ceremonies For Governor Coolidge Will Take Place Five Days Later, It Is Announced

Washington, June 21.—Senator Harding will be formally notified of his nomination as the Republican presidential candidate July 22 at his home in Marion, Ohio.

Governor Coolidge of Massachusetts will be notified of his nomination by the Republican party for vice president July 27 at his Northampton home.

Senator Harding, National Chairman Hays, and members of a sub-committee of the Republican national committee, discussed campaign plans at a conference which lasted all of today and far into the night. The conference was the first formal meeting between the Republican nominees and members of the national committee.

While the conference was in progress, Mr. Hays issued a statement, praising both Senator Harding and Governor Coolidge as men "measuring up to every requirement of presidential candidates," and formally approving the senator's announced intention of conducting a "front porch" campaign.

"I'm strong for Senator Harding and the front porch campaign plan," Mr. Hays said, adding that Governor Coolidge held a similar attitude. "Such a method is the only proper way for running a presidential campaign."

Mr. Hays in a conference with newspaper men announced the center of activity in the conduct of the coming campaign would be Chicago, where he expects to spend most of his time. He said, however, that the New York office would be no less important than it had been in the past. Headquarters also will continue to be maintained, he said, in Washington and San Francisco, with a branch office in Denver.

In declining to discuss campaign issues, Mr. Hays said he felt compelled to do so until after Mr. Harding had made his speech accepting the nomination. The chairman said he expected Harry M. Daugherty, Senator Harding's pre-convention campaign manager, to take more than an advisory part in the campaign. He intimated that Mr. Daugherty, although not a member of the national committee, would be made a member of several campaign committees.

GERMANY CAN'T HAVE BIG ARMY

FOCH DRAFTS LETTER National Army of 200,000 Is Too Large, He Asserts—Also Fix Reparations Required

(By The Associated Press)

Boulogne, France, June 21.—The conference of the premiers will tonight or tomorrow send to Germany a letter demanding execution of the clauses of the treaty of Versailles relating to disarmament. The text will not be given out until it is received in Berlin, but the letter is understood to be a categorical refusal to allow Germany to maintain an army of 200,000 men.

This letter, which Marshal Foch and Field Marshal Wilson rushed drafting at their hotel while most of the delegates attended a picnic lunch, was taken up by the council immediately upon reconvening this afternoon. The conference also discussed reparations and the Turkish situation at this season, which was prolonged until a late hour.

Germany Must Pay Huge Sum.

The premiers considered the report of the financial experts, as well as the report of the reparations commission, which for the first time is sitting here concurrently with the peace conference. The experts fixed the total sum Germany is to pay, with interest in annuities, at a minimum of three billion marks gold, which is susceptible of increase in proportion to Germany's economic recovery and increased capacity to pay. While the members of the conference seem agreed as to the amount and conditions of payment, they do not agree as to the division of the reparations among themselves, because of Italy's demand for 20 percent of the amount, instead of seven percent, originally allotted. Both the reparations and Turkish questions will be further considered tomorrow.

Although the Hythe meeting resulted in an agreement regarding Greek military activities in Turkey, the conference has not yet reached a decision on this subject. The delegates hope to conclude the conference so that they may be able to leave Boulogne Tuesday evening.

No More Time for Turkey.

Turkey will not be given an extension of time to consider the peace treaty, according to a communique given out by the delegates after their return from the conference at 3:30 o'clock tonight. The communique said:

"The Turkish question has been considered and it has been decided to maintain the date of June 25 for Turkey to submit her reply to the peace conditions.

"The conference also approved the military measures agreed upon by Marshal Foch and Field Marshal Wilson to meet the situation in the region of Constantinople and the Dardanelles.

"A decision was then reached to call Greek, Polish, Portuguese, Rumanian, Czechoslovakian, and Jugo-Slav delegates to the conference at Spa to discuss with the Allies the questions affecting them, which will be considered there.

"Marshal Foch and Field Marshal Wilson obtained approval of the text of the Allied notification to the German government regarding disarmament, the destruction of war material, and demobilization with the least delay of troops, as prescribed by the treaty of Versailles, the clauses concerning which have not been executed or which have been incompletely fulfilled thus far."

BUILDINGS DAMAGED IN LOS ANGELES QUAKE

Many of Their Occupants Flee to Street—Shock Is Second in Three-Day Period

Los Angeles, June 21.—An earthquake shook the city at 5:47 p. m. today.

Several buildings were reported to have been slightly damaged. Bricks falling from a building injured a pedestrian.

Official buildings were shaken so severely that many of their occupants fled to the streets.

The shock was felt in Long Beach, San Pedro, Santa Monica, and Redondo Beach, according to reports to the Pacific Telephone and Telegraph company. White R. Corina, and other inland points reported they had not noticed the quake.

A slight earth tremor was felt here last Friday morning.

Officials of the fire and public works departments, half an hour after the shock, said no serious damage had been reported.

Several cracks were made in the walls of the city jail.

Electric lights and gas connections of the town of Inglewood, ten miles southwest of Los Angeles, were cut off by the earthquake.

DRIVE ON SPARROWS

700,000 of the Pests Are Killed in Utah.

State Wide Campaign Results in Saving of More Than \$100,000 for the Farmers.

Washington—Seven hundred thousand English sparrows, each eating six quarts of wheat a year, would mean a feed bill of more than \$131,000. Therefore the killing of 700,000 English sparrows means that amount of money saved for the farmers concerned. And nearly 700,000 sparrows were killed in a state-wide campaign in which 783 Utah farmers joined forces to get rid of the pests during the winter months. County agents helped in the campaign, which used 5,213 pounds of poisoned bait. In most cases the bait was made of wheat, poisoned with strychnine in accordance with a recipe sent out by the biological survey of the United States department of agriculture. It was put up in one-quarter-pound paper bags in the county agents' office. Full instructions were printed on the bags for the use of the poison. Each co-operator receiving the bait agreed to report on the results. Usually the sparrows were enticed to a few days by putting unpoisoned bait in places inaccessible to the poultry of the farm. Then a few grains of poisoned wheat were put out each day. The dead sparrows were gathered up, counted, and either burned or buried every few days to prevent the sparrow population from becoming suspicious. The number of sparrows counted by each farmer was reported to the committee or the county agent at the end of the season.

As many as 240 dead sparrows were gathered up as the result of a single package of poisoned wheat. It is believed that where care was used in placing the poisoned bait an average of 75 sparrows were killed with each one-quarter-pound package. In each of several counties 50,000 to 100,000 sparrows were destroyed.

STOP WORK AS CAT IS BURIED

Animal Had Been at Station Ten Years and Was on Payroll Eight Years.

Amarillo, Tex.—All activities in the Fort Worth & Denver City railway offices and shops here stopped for three minutes while the funeral services were held for the office cat. She has been in the railway's passenger station here for ten years and has been on the payrolls of the railroad for eight years.

Before the war the official rat catcher of Denver used to receive her monthly pay check of \$150 regularly. After the war the salary of Fuss was boosted to \$250. The pay was for feed.

At the hour of the funeral every wheel in the shops stopped for three minutes. The office force gathered about the grave in the station yard while the burial service was read. A marble slab will mark the grave.

Sheepskin for Sick.

A sheepskin is of great value to a person who is confined to the bed. Put under the sheet, wool side up, it is delightfully soft and restful for the patient. It is well to have two of them, so that one can be in use while the other is being aired. To keep them soft and fluffy they should be beaten on the back—never on the wool side.

GOLDINE IS BEST TO STOP BED-WETTING

Don't Blame Children for Something They Can't Help—Goldine, No. 2 Is What They Need

Don't spank your children for bed-wetting. All the blame is on the world, not help their bladders and that is the cause of this habit. If your child's kidneys are weak, it is not their fault. Some thing must be done and done quickly. Unless you start treatment, this habit will remain with the child and probably grow worse as the years pass. Now is the time to correct it.

Mrs. Helen Simpson of 237 Seventh avenue, Troy, N. Y., was worried over her five-year-old daughter, Fern, who was afflicted with bed-wetting. She had tried everything she could think of, but without success. She heard from friends that Goldine No. 2 was a good kidney remedy, and got a bottle. Now she says:

"I had three years of worry for my daughter, but they didn't seem to do any good. I got a bottle of Goldine No. 2 and it stopped the bed-wetting in the second night. It was the best medicine we ever got that would do it. Goldine is a good medicine."

Mrs. Simpson is a mother of seven children, one who is constantly looking out for the welfare of her children. All mothers should be sure to get Goldine No. 2 for their children. Remember, Goldine No. 2 for bed-wetting. For sale in your city at Slade's Drug store.

MANY BURDENS ARE IMPOSED ON MARKET

Unfavorable Bank Statement, Hardening of Money Rates and R. R. Strike Cause Slump

New York, June 21.—An unfavorable bank statement, a sudden hardening of money rates, resumption of the railway strike, and signs of fresh complications in the eastern European situation were among the burdens imposed upon today's irregular to heavy stock market.

Although the deficit revealed in last Saturday's statement of the clearing house was primarily due to heavy tax payments and therefore subject to speedy correction, the loss of reserves was directly responsible for today's money flurry. Call loans rose to 11 percent in the last hour, when the market was most reactionary.

The strength of sterling exchange was almost the only constructive development of the session, although still unsupported by evidence of immediate gold imports from London or the Far East.

Financiers with important international connections attached little credence to reports that recent accessions to the Bank of England's bullion holdings represented French gold. More likely, it was believed, the gold came from British provincial institutions.

Shipments, steels and food issues, as represented by the sugar group, contributed mainly to the occasional upward trend of the market, with a sprinkling of chemicals and textiles. A 12-point advance in Delaware, Lackawanna and Western was reduced to 2 points at the close.

Liberty bonds were irregular, but internationals and the domestic list as a whole eased fractionally. Old U. S. 4s rose one-fourth on call.

BACCALAUREATE AT LAURENS.

Crowded House Greeted Rev. P. M. Luther of Oneonta Sunday Night.

Laurens, June 21. — A congregation which crowded the Methodist Episcopal church of this village to the point of ejection of the baccalaureate services at the Laurens High school on Sunday evening. Rev. Mr. Kirksgaard, pastor of the Danish Lutheran church, conducted the service and offered prayer. The scripture lesson was read by Rev. Mr. Christensen, and the sermon to the class was preached by Rev. Philip M. Luther, pastor of the Lutheran Church of the Adoration of Oneonta.

The text selected by Mr. Luther for his most inspiring and appropriate sermon was in Luke 14: Launch out into the sea and let down your nets for a draught. The general theme was "The Reward of Obedience," which came to the class obeying the command of the Lord. Continuing, he spoke of the launching forth alike in the intellectual, moral and spiritual life, and of the reward which those who obey shall without question receive.

Excellent music, consisting of appropriate hymns and an anthem, "Praise Ye Jehovah," was rendered by the choir of the Methodist Episcopal church.

MISS RUTH KING SHOWERED.

West Oneonta Young Women Honor Bride of This Week.

West Oneonta, June 21.—Miss Ruth King was given a shower Saturday afternoon in honor of her approaching marriage, by the Junior Philathea class of the First Baptist church, at the home of Mrs. R. C. Bilderbeck. Miss King, with two other young ladies, was enjoying an auto ride and when near the Bilderbeck residence, the auto refused to move. When the driver began to repair the car Mrs. Bilderbeck invited the girls to come to the house. Upon entering the hall, strains of a wedding march could be heard from the parlor. Miss King was greatly surprised to find the young ladies. After a pleasant hour of music, refreshments were served in the dining room, which was tastefully decorated for the event.

In inclement weather it is a closed car, dust-proof, water-proof, cold-proof. Finely upholstered. Equipped with electric starting and lighting system and demountable rims with 3 1/2 inch tires front and rear. A real family car. Won't you come in and look at it? The delights of the electric car with the economy of the Ford.

Cut the Cost of Fuel

The New Perfection Oil Cook Stove is a real money-saver. It uses fuel only when you want a fire for cooking. The moment the match is applied, you can have intense heat for fast cooking and boiling, or a low flame for simmering.

Not a drop of oil is wasted, for the long blue chimney provides the necessary draft for perfect and complete combustion, and at the same time drives all the heat directly against the cooking utensil.

3,000,000 users of New Perfection Oil Cook Stoves are independent of coal, wood and ashes. They come in 1, 2, 3 and 4-burner sizes.

For your further convenience—the New Perfection Water Heater furnishes hot running water at a very moderate cost. Ask your dealer.

WASTE OF WOMAN POWER.

According to a recent communication sent out by the United States Department of Agriculture, the waste of woman power is one of the greatest wastes to the rural life of the nation.

This conclusion is reached as the result of a firm-house survey made in 25 northern and western states, under the direction of Miss Florence E. Ward, who has charge of extension work for women. The records cover 19,415 farm houses, averaged by taking typical communities in the counties in which the survey was made, one of these being the county of Otsego, where in some communities such a survey was made some months ago under the direction of home demonstration agents.

The waste of woman power, Miss Ward contends, is a serious matter because we have a live national problem already in working out the economics of country living in such a way as to make women satisfied to stay on the land and help build it up. Perhaps the greatest factor in bringing this about will be the healthy, alert, and expert home-maker who will see to it that part of the increased income from the farm goes into improvement of the home. At a time like this, when the dearth of farm labor is a limiting factor in production it is very doubtful business policy for farmers to increase income to buy more land instead of using a part of it in raising standards of living so that women and young people will not want to go to the cities in search of attractive living conditions and amusement.

Among the reasons adduced why women do not find farm life attractive is the fact that while the farmer himself in a great majority of instances finds the most improved machinery necessary in order profitably to carry on his work, he does not sufficiently consider the fact of these same facilities in the farm house.

Taking the figures of the above survey it appears that the working day of the woman averages 11.3 hours the year around, and 13.12 hours in the summer; that 87 out of 100 women have no regular vacation during the year, and that half of the farm women are up and at work at 5 o'clock in the morning. Further it adds that 60 per cent of the women must go to the spring and pump all the water they use; that 36 per cent help in the milking; that 79 per cent have kerosene lamps to trim and fill; that 26 per cent do the family washing, only about half of them with washing machines. Ninety-two per cent do the family sewing, or much of it; the garden work is done by 56 per cent; 81 per cent care for the poultry flock, and a quarter of them help to feed the live stock and assist part of the year in out-door work.

This is of course the dark side of the shield and does not take into account the compensations of country life, of which there are many as compared with those of dwellers in cities. Still there is no doubt that more attention to making work easier in the household would allow in large part the yearning which exists for the town home, with running water, electric lights, laundry service and many other things desirable. So many of these things can readily be had on the farm that it is evident that a little thought and a limited expenditure of money would do the work. The sewing machine, the washing machine, the range with hot and cold water, and the modern bath room are some of the things which the farm woman should have, and the husband should not think of investing in labor saving machinery for himself any faster than he can provide it for the wife. Without these things woman power is wasted and woman's strength is undermined.

Army Pay Increased.

The pay of enlisted men in the army has recently been increased, pay for classified men now averaging from \$37.50 to \$42.50. In addition board, lodging, clothing and medical attendance are free. An opportunity is also given enlisted men to "earn the following trades: Machine, car engine mechanics, electrician, chauffeur, armorer, auto repairing, laboratory work, bookkeeping, surveying, woodwork, tool maker, stonemason, painting, printing, plumbing, drafting, cooking, sign painting, painting, auto mechanic, horse shoeing, telegraph operator, telephone operator, carpenter, blacksmith, vulcanizer, boiler maker, tanner and cooper, etc.

Georgeson Baby Christened.

Sunday evening at 8 o'clock, a christening was held at the home of John Laskaris of 77 Dietz street, the baby being James Nicholas Georgeson, son of Nicholas and Christina Georgeson of Oneonta. Haralamos Adopoulos, a priest of the Greek church, officiated, the god-father being George Nickles of Ithaca. Many friends and relatives were present from Oneonta and other places. Following the ceremony, dinner was served, after which the remainder of the evening was pleasantly spent in dancing.

COMMENTS OF THE PRESS

Candidacy of Governor Cox.

While it is true that Governor Cox's position is strengthened by Senator Harding's nomination in the sense that Ohio is a battleground on which Cox has hitherto scored three victories to Harding's one, the weakness of the governor is that his nomination would probably affront the "dry" in the Democratic party. Their antipathy to him is not in the least concealed.

This issue of the enforcement of the federal prohibition law cannot be eliminated from the campaign, for the power of enforcement will be in the hands of the executive and very much of the enforcing will have to be done by the federal authorities. — (Springfield Republican.)

A Fault of the Times.

One of the faults of this time is the habit of groups of the people to assume that they have special rights and interests apart from those of all the people. — (Albany Journal.)

Most Conspicuous.

"I understand you are the most conspicuous of all the bathing suits on view."

"It was," confessed Miss Cayenne. "It was one of those old-fashioned affairs with a high neck and long skirt." — (Washington Star.)

Also Long Platforms.

Long speeches, like long sermons, are padded with words not at all needed for what the speaker has to say. — (Exchange.)

Knocking Down Production.

While this country has been all but shrieking under the strain of trying to make both ends meet, the American Federation of Labor proposes to jack up the cost of living with another terrific rise. This is exactly what it means to try to shorten the working hours of American labor by another 25 percent.

The American Federation of Labor says it wants to have all men work only six hours a day, so as to provide jobs for all men as the work diminishes. But the only sound, the only practical and the only permanent way to make more work and more jobs for a nation is to have as few men on any particular job as can get away with it. Then the others can produce, instead of loaf, in some other field.

If there are two men on any job that needs only one, then the time and the muscle and the brain of one of the men are thrown away. Because the two men together produce only what one man can and ought to produce, one of those men, in practical results, produces nothing at all. — (Sun and New York Herald.)

Apparently of More Interest.

It is probably a fact that more newspaper readers have spent, and will spend, more time over the Elwell case than they spent over the keynote speech, the convention, the platform and the details of the nomination. This proves, if anything, that a murder case is not only more interesting than politics, but also more interestingly written. — (New York Tribune.)

Butting In.

Mr. Caruso should be made to understand that being robbed of diamonds is a prerogative of sopranoes with which tenors should not interfere. — (Detroit Free Press.)

HUNT FOR MISSING SOLDIER.

Shell-Shocked Canadian Last Seen in Oneonta in Summer of 1919.

Circulars have been distributed in police stations throughout the country and in other places, requesting the reader to watch out for one Private George A. Nelson of Calgary, Canada, who has been missing since February 1, 1919, on which date he was discharged from army service in Montreal.

Through the efforts of the local police department, it was learned that Nelson was in Oneonta last summer with the Lee Brothers carnival, which showed here for a week. The local police were not notified that the young man was wanted, however, until last fall, and by the time they had traced the carnival in its travels, the show had disbanded for the winter and Nelson had left for parts unknown.

Chief Horton communicated with the young man's mother in Calgary and notified her of his findings. Since then she has had hundreds of circulars printed and they are now being distributed broadcast in an effort to locate the soldier.

Nelson, who is 25 years of age, is suffering from loss of memory following shell shock during the war, and there is little doubt that he has lost his identity and is unable to return to his Canadian home. He is described as a man five feet, eight inches tall, weight about 160 pounds, and has fair complexion. There is a scar behind his left ear and on right forehead. His mother has received no letters from him since he disappeared and she would appreciate any further information of his whereabouts. Her address is Mrs. E. E. Nelson, 344 15th avenue west, Calgary, Canada.

To Attend A. M. E. Conference.

Mrs. Jennie E. Anderson, pastor of the Anna E. Wilson Anderson Memorial A. M. E. church, Hunt street, leaves this morning for Albany to attend the annual state conference of African Methodist Episcopal churches. She will be accompanied by Mrs. Henry T. Breeze, a delegate from the church. They expect to be away all week in attendance at the sessions.

HOLSTEIN BREEDERS MEET.

Prominent Otsego Cattle Men Plan at Cooperstown for Fair and Sale.

A meeting of the Holstein breeders of Otsego county, of whom about 25 were present, was held at the Chamber of Commerce building in Cooperstown last Saturday afternoon. The purpose of the meeting was two-fold, one to make plans for the State fair exhibit, and the other to consider the picnic and sale to be held at Richfield Springs on July 1. A committee, consisting of F. H. Waite of Richfield Springs, Lee Kinne of Hartwick Seminary, Frank Potter of Oneonta and A. W. Brown of West Winfield, was named to make arrangements for the state exhibition at Syracuse in September, at which it is stated that prizes for Holsteins \$250 in excess of those paid last year will be offered.

A. W. Brown, who was a delegate to the national meeting at St. Paul, Minn., gave a report of the meeting, stating that New York state cattle are selling better than ever before as a result of the accredited herd plan, which has had the effect of putting Otsego county firmly on the map. The sale of fully tested animals is worth while and the county association should see that this plan is boosted.

Regarding the events at Richfield in connection with the picnic and sale, it was announced that R. Q. Smith, Junior county leader, would be in charge of all sports and athletic contests, and that about \$40 in prizes will be offered for the boys and girls of the county.

FOR THE LIBRARY WORK.

Citizens of Oneonta Are Asked to Help Better Books Movement.

A circular, signed by the members of the Public Library board, the principal of the Normal school and the superintendent of the Public schools, was recently sent out asking such contribution as the recipients as a body and as individuals felt willing to make for the promotion of the movement backed by the American Library association for good reading for citizens located in many sections of the country where public libraries are not at this time available. The purpose of this movement is to promote a more wholesome spirit, to further the cause of education and through good reading to supplant the freely furnished papers and books which tend to promote Bolshevism.

Naturally the letter did not reach every one who is interested in the work. Further mention is accordingly made, with the request that any one interested in this work and who favors the plan as outlined, leave checks or money contributions at either of the banks or with Mrs. Blackall at the Public library. Contributions should be made this week. Make checks payable to Andrew B. Saxton, treasurer.

THE SUMMER SOLISTICE.

Monday: Was Longest Day of Year But by No Means Warmest.

Yesterday, according to the almanac, was the day, and 40 minutes past noon was the hour, in which the sun completed his apparent northeastward journey at his rising. It was, according to the astronomers, the exact date of the summer solstice, or when summer begins. From this day on, though the heat will or day for at least a month and a half to come, the days will diminish gradually in length, until on September 23 will come the autumnal equinox, when day and night will be of equal duration.

So far as Otsego is concerned, and Otsego and Delaware counties for that matter, there will be general satisfaction that the year has finally slipped over into summer, and there will be a hope that the weather will correspond with what the name of the season indicates it should be. Up to this time, at least since the first days of May, there has been an undue amount of cold, albeit few frosts, and all through May there was so little rain that had it not been for the winter surplus of snow things would have gone badly with the crops. Granted warmer weather from this time, and with the copious rainfall recently experienced, the harvest of 1920 should after all be plentiful.

JERSEY BREEDERS PICNIC.

Sixth Annual Summer Meeting at South Hartwick Saturday.

The Otsego County Jersey Cattle Breeders will hold their sixth annual picnic and summer meeting at the home of Mr. and Mrs. Frank Ingolsbe at South Hartwick on Saturday, June 26.

The American Cattle club has promised to have a representative present and it is expected that Mr. Hutchinson of Meridale Farms will be present. Breeders of Jersey cattle and all others interested are invited to bring their families and see to it that their neighbors have a cordial invitation to attend this gathering, which will do homage to the Jersey cow. Come and see the winner of the silver loving cup. The Home Economics club will serve coffee and sandwiches and ice cream. Bring well filled baskets and come to let go of yourself and have a real outing.

A PRETTY JUNE WEDDING.

Miss Elizabeth Clark Becomes Bride of Earl Joseph Walters.

Miss Elizabeth Clark, daughter of Mr. and Mrs. Frederick N. Clark of 15 Valleyview street, was married at half past two o'clock Monday afternoon at St. Mary's Roman Catholic church to Earl Joseph Walters, also of this city. The ceremony was impressively performed by Rev. Father Noonan, in the presence of a large concourse of relatives and friends. Miss Anna Clark, a sister of the bride, was bridesmaid, and James Walters, a brother of the groom, was best man. The bride was becomingly attired in white georgette with white lace hat to match, and carried a shower bouquet of white lilies of the valley. She wore only jewelry. The gown of the bridesmaid was of champagne-colored tulle with hat to match. Her bouquet was of white sweet peas. Mendelssohn's wedding march was played by Miss Irene Hayes as the bridal party entered the church.

Following the wedding, luncheon was served at the home of the bride's parents, which was tastefully decorated for the occasion with pink and white carnations and roses. There were many beautiful, costly and appropriate wedding gifts, including cut glass and silver, linen and a substantial sum of money. After the afternoon meal, Mr. and Mrs. Walters left by auto for Albany, whence they leave today by rail for Chicago, Ill. They will be absent about two weeks.

The bride has for four years been a bookkeeper with the Osego & Delaware Telephone company at the Oneonta offices. The groom is a valued employee of the Delaware & Hudson company in this city. Both are much respected young people who will have the best wishes and congratulations of a wide circle of friends.

Among those present from out of the city were Mr. and Mrs. Arthur J. Cannon of Troy and Mrs. John Reilly and Miss Mary Owens of Watervliet.

Venerable Former Resident Dead.

Notice was received by O. C. McCrum last evening of the death at Altamont yesterday of Mrs. John Amsden, who was a resident for about 40 years of Oneonta, removing from this city several years ago to Rensselaer and later to Altamont, where her home was with her son, Alva Amsden. No particulars as to her illness or cause of death have been received. The body will be brought to Oneonta Wednesday on the train due at 11:35 a. m., city time, and will be taken to the Plains for interment beside her late husband.

Mrs. Amsden, whose maiden name was Elizabeth Lazzarow, was a native of Unadilla and was about 80 years of age. She was a resident for about 40 years of this city, where her husband was a blacksmith, and later a farmer by occupation. Her home was for a long time on Dietz street in a house situated on the present site of the Oneonta club house. Later the family moved to the farm owned by Mr. Amsden on South Side. Mr. Amsden died about 20 years ago. By the older residents of the city Mrs. Amsden was well and pleasantly remembered.

The deceased is survived by two children, Mrs. Carrie Dennison, now of Cleveland, Ohio, and by the son above named.

Daughters of Isabella Initiate.

Sunday afternoon at 2 o'clock, the Daughters of Isabella held an initiation of candidates in Odd Fellows' hall, about 50 new members being taken into the organization. Miss May Ryan of Binghamton, district deputy, assisted the local order in the degree work.

Following the initiation, a banquet was served to about 100 members and guests at the Windsor hotel, after which Rev. Father W. Noonan, the guest of honor, introduced by Mrs. L. Yagel, grand regent, addressed the assembly, urging the Daughters of Isabella to work in unity, charity and for the uplift of Catholic womanhood. There were present 15 members from the court in Binghamton.

Births.

Born Monday, to Mr. and Mrs. Arthur Springstein, an eight-pound daughter, Pauline Frances.

Born Monday, to Mr. and Mrs. J. B. Lane, a daughter.

A sure way of reducing the cost of living without reducing the standard is by using Juanita brand margarine in kitchen and dining room. It is inexpensive but nothing could be better.

MARRIAGES.

Allen-Hungerford. Miss Mabel M. Hungerford, daughter of Edward Hungerford, who conducts a farm near Emmons, was married yesterday to Elmer C. Allen, a progressive young farmer of South Side. The couple journeyed by auto to Portlandville, where the ceremony was performed at 11 o'clock by Rev. Mr. Elwood at his residence. Owing to the recent death of the bride's mother, the affair was a very quiet one and was witnessed only by two of the couple's intimate friends, Miss Hazel E. Gibson, of 335 Chestnut street, this city, who acted as maid of honor, and Ludwig J. Hartman of South Side, who was the best man.

The bride wore a handsome blue traveling suit and georgette waist with picture hat to match. Her maid of honor wore a blue serge suit.

Following the ceremony, the bridal party motored to the home of their friends, Mr. and Mrs. S. F. Germond, at 29 West End avenue, where a delicious three-course wedding dinner was served. The dining room was attractively decorated with ferns and potted plants. After the repast, an hour was enjoyable passed with music. Mr. and Mrs. Allen then left by auto for a week's tour through Pennsylvania, with a stop at the home of the groom's brother in North Meechopany. Upon their return, they will make their home at the groom's farm on South Side.

Mrs. Allen is a young woman with a host of friends, especially near her home, where she is held in the highest esteem. All will regret her departure from that section of the town. Mr. Allen, who is the son of Mrs. Emma Allen, has conducted the Allen farm on South Side, three miles from this city, for several years and is a progressive young man respected by all who know him. Their many friends will unite in wishing them a long and happy wedded life.

Chicorelli-Scott.

On Monday afternoon at 4:30, Michael Chicorelli, son of Mr. and Mrs. Dominick Chicorelli of 3 South Main street, and Miss Maria Scott, daughter of Mr. and Mrs. Anthony Scott of 45 River street, were united in marriage at St. Mary's church. Rev. Father W. D. Noonan officiating. The groom was attended by his brother, Nicholas Chicorelli, and the bride was attended by Miss Theresa Castil of Cobleskill. Miss Marguerite Kline acting as flower girl. The interior of the church and the altar were very prettily decorated for the occasion with flowers. A large number of friends and relatives were present.

After the ceremony, Mr. and Mrs. Chicorelli left for an auto trip to Buffalo, Detroit, Chicago, and other points of interest through the Middle West. Upon their return, Mr. Chicorelli, who is employed in the meat market of his father and is also well known as a musician, will resume his occupation and they will live temporarily at 3 South Main street, later removing to a house at 43 South Main street.

Many gifts were presented to the newly married couple, including silver, furniture and money. Following the marriage ceremony, a reception was held at the home of the groom's parents for the friends and relatives.

Sherwood-Zelman.

Henry Sherwood of Addison and Miss Grace Zelman of Unadilla were married last Saturday afternoon by the Rev. B. M. Johns at the First Methodist Episcopal parsonage in this city. They were attended by Mr. and Mrs. George Bird of this city. Following the ceremony Mr. and Mrs. Sherwood departed on a brief wedding tour, after which they will be at home at Addison.

Both groom and bride are graduates of Syracuse university. The former is an enterprising farmer at Addison, and the bride has for several years been a successful instructor in the Unadilla high school.

Wilson-Gilbert.

John W. Wilson of Albany and Miss Helen Agatha Gilbert of 27 Cherry street, this city, were married last evening at the First Methodist parsonage. Rev. Dr. B. M. Johns, D. D., was the officiating clergyman.

Mrs. S. Sweet, practical bonesetter, at the Windsor, Oneonta, July 1; Eagle, Norwich, July 5.

PRE-NUPITAL EVENTS.

Dinners, Teas and Luncheons to Members of Rucker-Elmore Wedding Party. Captain Edward Walter Rucker, Jr., who this evening will be married to Miss Mabel Elmore, daughter of Mr. and Mrs. E. W. Elmore of Oneonta, arrived in this city from St. Louis Sunday afternoon and that evening a dinner to the bridal party was given by Miss Virginia Morris, at the home of her parents, Mr. and Mrs. A. Stanley Morris.

Monday noon a luncheon, chaperoned by Mrs. Allen T. Backus of East Orange, N. J., was given to the bridal party at the Country club by Sherman Fairchild.

Yesterday afternoon a tea and dance was given to the party and piano friends by Mrs. K. E. Morgan and her daughter, Mrs. Haupt, at the Emmons farms. Music was furnished by the orchestra from Sherman lake.

Monday evening, Miss Mary Saxton, maid of honor for the wedding, gave a dinner to the bridal party at the Country club.

Monday evening, Mr. and Mrs. Elmore gave a dinner at the Country club to the large number of friends from out of the city who are in Oneonta for the wedding.

This afternoon, at 1 o'clock, Mrs. C. F. Shellard and Mrs. Allen T. Backus will give a luncheon to the bridal party at the Country club.

Buys Desirable Lot.

Frank H. Breese yesterday purchased of A. E. Wilber of Binghamton the desirable house and lot at the corner of Main and Pine streets. Mr. Wilber, being in the city for the purpose of completing the transfer of the property. It has a frontage of about 50 feet on Main street and a good depth with a larger width at the rear. Mr. Breese will doubtless build a new home thereon at an early date.

Wanted: dining room girl and woman to work in kitchen. Pioneer lunch.

DEATHS.

Herman H. Rosebrock. Herman H. Rosebrock died yesterday at his home in Cooperstown Junction after a several weeks' illness of acute Bright's disease. The body was brought to the McCram undertaking parlors in the city and funeral services will be held there Wednesday afternoon at 3 o'clock.

Mr. Rosebrock was born in Germany 42 years ago, but came to this country in 1892, and after being in business in New York city for eight years, came to Oneonta, where he had since been an employee of the D. & H. coach department. Up until a few weeks ago he had made his home in this city, but when his health began to fail he moved to a small place at Cooperstown Junction in an effort to benefit his health. His case was an acute one, however, and his physicians were unable to rally him.

So far as is known, Mr. Rosebrock's only near surviving relative is his wife, who will have the sympathy of many friends. It is probable that he was other kin in his native country. He was an industrious worker and well liked by his fellow employees of the coach department.

CO-OPERATIVE ORGANIZATION.

Farmers of Delaware County Asked to Subscribe for Stock.

Announcement is made that a million dollar co-operative buying and selling organization, known as the Co-operative Grange League Federation League exchange, Inc., which about a month ago was organized at Syracuse, is now offering its stock for sale to dairymen's league, Farm Bureau and Grange members in Delaware county and doubtless throughout the state. The shares are \$5 each and no individual can subscribe for more than 200 shares.

The work of obtaining subscriptions in Delaware county is in the hands of a committee composed of H. C. McKenzie, R. H. Champlin and W. E. Reynolds.

For Sale—Having had over 37 years of active professional and real estate work, I offer a part or all of my real estate for sale so as to give more attention to my increasing office practice. Property is located at 29 to 35 Dietz street, a few hundred feet from the center of the city and adjoining the Huntington park. Will pay for themselves in income and should double in value in 15 years. Will sell a part or all on easy terms at a price at which it can be bought as an investment. Dr. J. P. Elliott, Oneonta, N. Y.

Doctor Sacrificed Son to Keep Business Honor

A French doctor named Tissot, who lives at Bonneville, near Geneva, Switzerland, was confronted with a terrible ordeal involving his professional honor. He received a telephone call from a neighboring village informing him that a patient suffering from influenza was in a serious condition.

Dr. Tissot started immediately, but his carriage was overtaken by a messenger, who said the doctor's son, seventeen years old, had fallen into a ravine while collecting Alpine flowers and fractured his skull. The boy's condition was described as critical. The physician, after hesitating for a few moments, drove on to his patient. On returning home he found his son dead.

GRANGERS CONFIR DEGREES.

Nearly Two Hundred in Attendance—Dinner Follows Degree Work.

Oneonta grange, at the regular meeting last evening, had a record attendance with the third and fourth degrees conferred upon a class of 15 candidates. The work was done by the local officers. Visitors were present from the granges at Pierstown, Lena, Mt. Vision and Schenectady. The degree work consumed most of the evening.

At a late hour an appetizing dinner was served in the banquet hall at the Odd Fellows' temple where the grange meets and owing to the fact that the large table capacity was early filled the second time, the speeches which had been scheduled to follow the dinner by Past District Deputy John W. Chase and Hon. J. Clark Nesbitt, both of Schenectady, and Greenville Rathbun of Oneonta were omitted. The dinner partook the nature of a complimentary dinner to the members of the May and June classes of initiates. The event was one of the most successful since the grange was organized.

Real Estate Transfers.

R. H. Fisher has sold the property at 18 Center street to Taylor Adair. W. H. Eckler has sold his modern residence at 6 Norton avenue to U. C. Afbuckle of Newark, N. J. Mr. Afbuckle will move here July 15th. A. C. Lewis has sold his residence at 2 Hickory street to William H. Eckler of Norton avenue. J. A. Schaeffer has sold his property at 14 Linden avenue to Robert Fisher. A. C. Lewis has purchased of Mrs. Mary Sauer her residence at 313 Main street. The above sales were made through the A. C. Lewis agency.

Campbell Bros. real estate agency has sold for Irving Crandall his farm of 24 acres near Laurens to Emma Cabis. The site includes stock and tools. Possession will be given on July 1st.

Trained Animal Show Here.

Carl Clark's trained animal show played to fair-sized audiences at Ne-shawa park yesterday afternoon and last night and those who saw it said it was a good exhibition of the many tricks ponies, dogs and other small animals can be taught to do.

The show arrived in the morning, overland and the tent was quickly put up and made ready for the afternoon performance. There was a street parade prior to the afternoon show. There was a good crowd in the tent at night, including many small children with their daddies. The show will proceed on to Millard today.

Three Arrested for Intoxication.

Fat Clune, a bootmaker of this city, and John Burns, a laborer of Cambridge, were in city court yesterday morning and pleaded guilty to a charge of public intoxication. Clune was arrested late Sunday night on Chestnut street and Burns was apprehended the previous night on Broad street. Judge Huntington fined them \$5 apiece.

Another drunk was arrested last night on the streets by Patrolman Cross. He was E. Terrell, a laborer of this city, and he was placed in the city jail to be arraigned this morning.

Women Voters Confer.

Miss Florence Wardwell of Springfield Center and Mrs. U. G. Welch of Edinboro were in the city yesterday, conferring with local Republican women workers relative to the rally of party workers to be held in this city on Saturday next in connection with the gathering of the Republican County committee.

Dayton Family Reunion.

FORD GOES OVER BANK.

Richard Rice of Meridale Nearly Has Leg Severed in Accident.

Delhi, June 21.—George Stockin, accompanied by Richard Rice, both of Meridale, were out riding in a new Ford car owned and driven by Mr. Stockin on Sunday afternoon. Not being accustomed to the driving of the car, Mr. Stockin lost control and it went over a bank a distance of 15 feet. Mr. Stockin escaped with a few bruises, but Mr. Rice was pinned under the car in such a way that the wind shield nearly severed his leg. Dr. Stillman of Delhi was called and he has hopes that the leg may be saved.

The auditorium of Delaware academy was crowded to the doors Sunday evening with an assemblage of people who listened to the Baccalaureate services to the class of 1920. The sermon was delivered by Rev. George N. Makeley, pastor of the Second Presbyterian church, on the subject of "Success in Life." The sermon was very appropriate and delivered in a very forceful manner.

New Machinery for State Road.

New machinery and more men are arriving for work on the Main street state road. The concrete curb has been constructed nearly one third of the way through the village. Delhi people are beginning to have faith that the road will be finished yet this season.

Property Changes Hands.

George Harby has sold the blacksmith shop and house adjoining recently owned by him, to John Cunningham, who has also occupied it for some time. The laundry adjoining this property, also owned by Mr. Harby, has been sold to Fred Harrison, the present occupant. Delhi people will be glad to hear that both Mr. Harrison and Cunningham have purchased these properties and that the occupations of both will continue in the same places.

An Analysis of the "Road Speed" of a
MAXWELL
is a tribute to its special steels

Men driving larger cars have often wondered at the "road speed" of a Maxwell.

True, in an open straight stretch they have run away from a Maxwell. But in any "piece of going" in which hills, turns, curves or rough roads enter into the general average, they do not outrun a Maxwell.

The reason for this is the special steels in a Maxwell. They are made to Maxwell's own formulae, and make possible construction combining great strength with light weight.

The lightness of the weight enables a Maxwell to take a turn with more ease and less slowing up, come down a hill under better control, ascend a hill as well, and make more time over a rough piece of roadway.

The strength of its steels enables a Maxwell to stand equally as well, or better, side strains, road unevenness, etc. In other words, a Maxwell makes speed when a larger car cannot, and thus evens up to a high average its "road speed" without breaking the speed laws.

This ability in a Maxwell is one of many that is winning new friendships daily. Nearly 400,000 of them to date; in another year 500,000.
